### CEMETERY

**Definitions:** For purpose of assessing cemetery fees and charges, a **"Resident"** shall refer to the deceased, and be defined as having resided in the corporate limits of the city of Brighton as a primary place of residence; or, having resided within the corporate limits prior to being relocated outside the corporate limits necessitated by health or personal care requirements. When purchasing a grave at the resident rate the interment will be at the resident rate.

**"Full-size burial plots"** can have one upright monument and one flat marker. There can be four cremations and one full burial in a plot; or, eight cremations. At least two full working days' notice must be given to the Cemetery Manager for the intention to bury remains of any person or pet in the Brighton cemeteries; more time may be needed if the ground is frozen.

**Payment Plan (Pre-Need):** Installment payments can be made ONLY on the gravesite or columbarium niche and perpetual care, NOT opening/closing. A \$100.00 down payment per grave/niche is required; this is in addition to the purchase price of the grave/niche, perpetual care, and opening/closing. To be used, a gravesite/niche has to be paid in full, including the opening/closing fee. A headstone or plaque WILL NOT be set on any grave/niche that has not been paid in full. If a family buys four graves/niches and uses one, a headstone/plaque cannot cover the unpaid grave/niche spaces, only the one that is paid in full. Monthly payments start one month from the contract date, AFTER receiving the full down payment. The customer will be given two years from the contract date to make payment in full for the graves/niches being purchased. A default on two monthly payments will void the payment plan and the gravesite/niche will revert back to the City of Brighton inventory to be sold. No refunds or future credits will be issued on contract purchases that default.
